RE: Idaho SAT School Day Reports Training - Archived
***please forward to appropriate staff, as needed.**

The Idaho SAT School Day Reports Training provides educators training on how to interpret and utilize their school's SAT School Day Reports. In this archived recording, originally aired on August 12, 2013, student performance in Critical Reading, Mathematics and Writing is reviewed within a state context. Resources on how to improve the college and career readiness skills measured on the SAT is also shared, along with several models for implementation. Viewers will also learn to use PSAT data from their schools' sophomore and junior cohorts to improve outcomes on the SAT.

If you were unable to attend the original training, you can access the archived recording at, http://www.sde.idaho.gov/site/assessment/SAT_ACCUPLACERwebinars.htm
